

WORDS SURFACING . June 2006  
Adam Overton

.

can you repeat yourself?

.

I am not myself today

.

"Pisces is ruled by Jupiter (Luck) and Neptune (Illusions)"

.

remembered [again]: "i'm skipping, but i'm not happy", 2nd grader

.

"when surrounded by intense difference, how do i begin to touch it" (Dorit)  
[i so want to begin to begin to...]

.

[ [ not ] changing the world ]  
one [dirty][thoughtful] word at a time  
one [dirty] thought at a time  
one [sacred] breath at a time  
[ whether i want [it] to or not ]

each "an experimentation with death" (Badiou)  
which word will lead me to [the] death [that i deserve]  
which thought will lead me to [the] death [that i deserve]  
which breath with will lead me to [the] death [that i deserve]

.

isn't it enough that they stand together?

.

for Dorit -  
i went my separate way today [again]

.
