

WORDS SURFACING . January 2007
Adam Overton

.

"... you only find what your looking for "

.

"i know..."
as self-mutilation
as torture
as two possibilities, this or that
as fear [of the unknown]
as "the box"

as "i don't [want to] know [where to begin]"
as slavery to imaginary captors
as blasphemy of ideal
as bigotry
as old-fashioned
as too proud too fast

.

((repeating myself?))

.

wonder-about
as opposed to
believe-in

.

conviction
(as public enemy no. 1)

.

almost went there once, but then didn't
